CAREER OBJECTIVE

Computer Science undergraduate with strong foundations in Data Structures, Algorithms, and Full Stack Development. Experienced in building scalable applications using MERN stack and Flutter, with interest in AI-assisted development, problem-solving, and modern software engineering practices.

EDUCATION

Ashoka Women's Engineering College B.Tech in CSE	2023 – 2027 Percentage:86%
PSC & KVSC Government Junior College Intermediate (MPC)	2021 – 2023 Percentage:84%
Shri Shanthinikethan School SSC	2021 Percentage:100%

TECHNICAL SKILLS

Languages	Python, Java, SQL
Web	HTML, CSS, JavaScript, React, Node.js, Express.js
Databases	MySQL, MongoDB
Tools	Git, GitHub, VS Code
Core	Data Structures, Algorithms, Basics of GenAI, Prompt Engineering, and AI-assisted Development

PROJECTS

HealthAxis – Hospital Management System

- Designed role-based system for admin, doctor, and patient workflows improving efficiency by 25%.
- Built secure authentication system using JWT ensuring safe user access and data protection.
- Implemented patient record system handling 100+ records with efficient retrieval performance.
- Developed analytics dashboard improving workflow efficiency and operational insights.

Personal Portfolio Website

- Built responsive portfolio showcasing 5+ technical projects using React and JavaScript.
- Improved UI consistency across mobile and desktop platforms for better usability.
- Added resume download and contact features improving recruiter interaction.
- Deployed application on cloud platform with reliable performance and accessibility.
- Used GitHub for version control and efficient project management.
- Explored AI-assisted development tools for improving productivity and workflow efficiency.

EXPERIENCE

Flutter Developer Intern, NullClass (Online)

Sep 2025 – Jan 2026

- Improved UI consistency by 30% using Flutter framework.
- Streamlined development workflow by 25% through reusable widget architecture.
- Delivered multiple features within agile sprint cycles.
- Boosted application stability by reducing runtime crashes by 20%.

Full Stack Developer Intern, SmartBridge (Online)

Oct 2025 – Mar 2026

- Enhanced system performance by 35% using MERN stack.
- Built, tested, and debugged REST APIs handling 1000+ requests per minute with low latency response.
- Streamlined database queries reducing response time by 30%.
- Collaborated in agile development environment with structured development workflows.
- Refined UI responsiveness across multiple devices improving user experience.

SOFT SKILLS

- Strong communication and teamwork abilities.
- Problem-solving and analytical thinking skills.
- Time management and multitasking capability.
- Adaptability and fast learning mindset.

TRAINING

Smart Interviews – Data Structures and Algorithms

- Solved 200+ coding problems using Java.
- Practiced advanced DSA concepts including graphs and dynamic programming.

CERTIFICATIONS

- Data Analytics Job Simulation – Deloitte (Forage): Applied structured data analysis techniques for business insights.
- Identity and Access Management (IAM) Simulation – Forage: Learned authentication and secure system access concepts.
- Full Stack Development Internship – SmartBridge: Worked on MERN stack applications with real-world projects.
- Python Programming – GeeksforGeeks Skill-Up Program: Strengthened core programming fundamentals.
- Data Structures and Algorithms – Smart Interviews: Solved 200+ coding problems.
- Quantum Fundamentals – WISER Program: Learned basics of quantum computing and qubits.
- Large Language Models – IndiaAI: Explored transformer models, prompt engineering, and basics of AI-assisted applications.
- AI Skills Passport – EY and Microsoft: Gained exposure to AI tools and applications.
- NPTEL SWAYAM Coursework: Strengthened core computer science fundamentals.

ACHIEVEMENTS

- Solved 100+ coding problems on LeetCode and HackerRank.
- Completed 240-hour internship program in full stack development.
- Developed full-stack projects using React, Node.js, MySQL, and REST APIs.
- Built full-stack hospital management system with role-based access control.
- Secured Rank 12094 among 52,630 participants in coding competitions.
