OBJECTIVE

Motivated and detail-oriented Computer Science Engineering student with strong programming, problem-solving, and analytical skills, along with a strong interest in Artificial Intelligence and software development. Seeking an entry-level opportunity in a dynamic organization where I can apply my technical knowledge, contribute to innovative projects, and continuously learn emerging technologies while supporting the success of the team and the organization.

EDUCATION

B.Tech in Computer Science and Engineering

2023 - 2027

Ashoka Women's Engineering College, Kurnool

CGPA: 8.97/10

Intermediate (MPC)

2021 - 2023

Deeksha Junior College, Yemmiganur

CGPA: 9.79/10

Secondary Education

2020 - 2021

ZPHS (Girls) High School, Kodumur

CGPA: 9.31/10

SKILLS

Programming Languages

C, Java, Python, Data Structures and Algorithms using Java

Web Technologies

HTML, CSS, JavaScript

DataBases

MySQL

AI and ML

Artificial Intelligence and Machine Learning

PROJECTS

Personalized Study Buddy:

I built an AI-powered learning assistant that make users to learn smarter by explaining any topic in simple terms and generate quizzes.

Tech Stack Used: Python, LangChain, Groq LLM

Heart Disease Analysis Dashboard:

Analyzed a heart disease dataset to identify key health indicators and patterns related to heart disease risk. Created an interactive dashboard with visualizations to explore patient attributes such as age, cholesterol levels, and blood pressure, helping to understand factors contributing to heart disease.

Tech Stack Used: Tableau, Microsoft Excel

Employee Management System:

Developed a full-stack application to manage employee records efficiently. Built RESTful APIs for CRUD operations using Node.js and Express.js. Designed a responsive UI with React.js and integrated MongoDB for data management. Implemented features like add, update, delete, and search with input validation.

Tech Stack Used: MERN Stack

INTERNSHIP

Data Analyst Intern - APSCHE - SmartInternz (Online Dec 2025 - Feb 2026)

Learned data analytics concepts and created interactive dashboards using Tableau. Performed data cleaning and basic analysis using Microsoft Excel to visualize insights from datasets.

CERTIFICATIONS

- Problem Solving Through Programming in C - NPTEL (Online)
- Introduction to Database Systems - NPTEL (Online)
- English Language for Competitive Exams - NPTEL (Online)
- Generative AI - LinkedIn Learning
- Completed the Course by demonstrating theoretical and practical understanding of Python Developer. - Sololearn
- Career Edge-Young Professional - TCS ION

EXTRA-CURRICULAR ACTIVITIES

- Participant of Smart India Hackathon(SIH)
- Secured third place in Poster presentation in E-Cube Carnival (2023).
- Coordinated club activities related to Artificial Intelligence and Data Science.
- Actively participating in Technical Seminars to enhance subject knowledge.

LANGUAGES

- English
- Telugu
- Kannada
